

Riesco Teapot Colouring

Grab your colouring pencils, crayons or paints and colour in our Riesco teapot – or even design your very own one!

Our Riesco teapot colouring page (Page 2) shows all the beautiful details and floral patterns that feature on the Chinese ceramic. Copy the colours of the real teapot or re-design this unique object in your own colours!

Feeling even more creative? Be inspired by the shapes and symbols found on objects in the Riesco collection (Page 4) and copy them onto the outline (Page 3) to make a brand new teapot of your own design!

HANDY HINT!

Try experimenting with different materials – such as colouring pencils, pens, crayons, paints or even collaging. These styles can create interesting textures and unique designs!

We'd love to see your artwork! You can share them with us at:
